Sierra Ambulance is proud to host Scout Troop 341 at its Oakhurst ambulance station. The troop recently completed installation of this flag pole as part of an Eagle Scout Project.

Mission

It is the continuing mission of Sierra Ambulance Service to provide the highest quality emergency and non-emergency pre-hospital care to the sick and injured. This care extends beyond ambulance transportation and includes community education and involvement in programs that reduce injury, illness, and death in our community.

Guiding Principals

We are committed to our patients. We will:

Provide high-quality care in a courteous manner to every patient. Make all treatment, transport and destination decisions based on the patient’s best interest. Be compassionate, courteous and cooperative to the patient, his/her family and the other caregivers involved. Always drive in a safe and courteous manner.

We are committed to the community. We will:

Continuously strive to improve our level of service. Actively serve the community through education and prevention programs. Cooperate with Allied agencies to develop new ways to meet the health and safety needs of the community. Provide excellent equipment and training. Be “response ready.”

We are committed to each other.

Each of us is a unique and valuable resource, and we will guard each others’ safety and well being. Each one of us is responsible to: Treat each other with courtesy and respect. Actively support professional and personal growth. Promote a fair and pleasant work environment. To this end Sierra Ambulance will offer competitive wages and benefits.

We are committed to Sierra Ambulance. We will:

Remember our history with pride while we plan for the future. Project an excellent public image. Safeguard our financial future.
People helping people. That was the philosophy in 1964 when a handful of dedicated volunteers, tired of waiting over an hour for ambulance service to arrive from Madera, founded Sierra Ambulance Service. With community support, they purchased a used ambulance, took advanced first aid classes and began operations from its base in Oakhurst.

From that humble beginning, SAS has evolved into a full time, professional organization boasting highly trained Paramedics and Emergency Medical Technicians, utilizing state-of-the-art ambulances and medical equipment.

Sierra Ambulance is funded primarily through patient and insurance billing, but raises money for new ambulances and equipment through our Family Membership Program.

24 Hour Paramedics
Sierra ambulance provides paramedic ambulance service 24 hours, seven days a week to all of eastern Madera County; from Fish Camp to O’Neals, from Ahwahnee to North Fork and everywhere in between. Throughout its growth, Sierra Ambulance has endeavored to provide the best possible patient care at the lowest possible cost.

The Sierra Ambulance Family Membership
The Sierra Ambulance Membership Program provides complete peace of mind if you or a loved one needs emergency ambulance service. For just $65 per year, your family is covered with no additional, out-of-pocket expense.

The membership covers that portion of the cost of ambulance service which is not covered by your insurance, or the bill in its entirety, if you are uninsured or the claim is denied by your carrier. It covers you and your immediate family residing in your household.

Patient Focused, Community Minded.
Not only does your membership protect your family, it ensures all of us living in eastern Madera County will continue to receive timely and quality, paramedic ambulance service when someone falls victim to sudden illness or injury.

Coverage runs from within Sierra Ambulance’s response area to all local valley and foothill acute care hospitals*.
